

How to Make an Advent Wreath

Supplies needed:

- ❖ 1 undecorated Christmas wreath
- ❖ 4 candle holders for taper candles that are flat on the ground no seams (if you use a taper candle for the Christ candle you will need 5)
- ❖ Assortment of Decoration such as, ribbon, small Christmas balls maybe some artificial birds (the real ones are messy) possibly doves to symbolize the Holy Spirit maybe a nativity scene the choice is yours. . I try to stay away from things like presents and Santa keeping it centred on Christ.
- ❖ 1 glue gun and glue
- ❖ Candles either 4 red or 3 purple and 1 pink as well as white Christ Candle for the center either a taper or a pillar candle, which is what I use.

Directions

Place the wreath on a table place the four candle holders at equal distance apart on the wreath and glue them on Please make sure they are secure you will be dealing with fire. Then decorate as you choose.
